

CyberFire IT Solutions

15 Main St, Suite 226
Watertown, Massachusetts 02472
USA

Phone: 6174652541

Established in 2017, CyberFire IT Solutions is a Cybersecurity and Managed IT Services company with offices in Massachusetts and New Jersey serving clients throughout the Northeast. Our leadership experience in Global IT Operations, Healthcare, SaaS & Telcom led us to start CyberFire and bring our experience and solutions in Risk management, Cybersecurity and IT Operations to the smaller businesses. CyberFire's goal is to utilize our experience to bring value and commitment to our partners. With our extensive background and knowledge, we know the proven solutions to use, what to avoid and how to filter out the marketing hype around new technology solutions. We will work with you to align your business

page 1 of 2

needs and growth to technology while providing security around the cloud. And with Nationwide Engineering services, we can service you anywhere in the U.S.
